Reflecting on 2025: A Year of Growth and Connection

As we step into 2026, I want to take a moment to celebrate the incredible progress we made together last year. Here are some of the key highlights that showcase our commitment to excellence, community, and innovation:

- **HR Growth & Onboarding Excellence**

To better support our teams, we expanded our HR capacity with the addition of Maya Slootweg. This growth has enabled us to strengthen onboarding processes, introduce structured orientation training, and enhance competency development—ensuring every new team member feels prepared and supported from day one.

- **Payworks Integration**

The successful implementation of Payworks streamlined payroll and onboarding, creating a more efficient and user-friendly experience for staff across the agency.

- **Echo Program Launch**

We proudly introduced the Echo program at the Nanaimo Correctional facility, broadening our impact and reinforcing our commitment to community-based initiatives.

- **Funday & Agency Connection**

Funday was a resounding success! It wasn't just about fun—it was about building stronger connections within our agency but also with other like-minded agencies and celebrating the incredible people who make our work possible.

- **CARF Survey Achievement**

The CARF survey results reflected our dedication to quality and continuous improvement. Thank you to everyone who contributed to this outstanding accomplishment.

Looking Ahead

As we move into 2026, let's build on these successes by continuing to innovate, connect, and support one another.

2025 Frontline Hero Award Winners

At our annual holiday party, we take time to recognize those members of our teams that have stood out as amazing role models and done exemplary support throughout the year. This year we decided to expand our awards to include both Youth and Adult Housing programs, as each sector brings its own set of challenges, as well as our Community Inclusion programs, and present Frontline Hero Awards to all 3 divisions. Congratulations to our winners!

Accreditation Matters

Achieving accreditation shows the public and funders/regulators your commitment to continuously improve services, manage risk, and distinguish your service delivery.

These valuable benefits and unique advantages are the greatest return on your accreditation investment:

Assurance to persons seeking services and funding sources, referral agencies, and the community that a provider has demonstrated conformance to internationally accepted standards.

Person-focused standards that emphasize an integrated and individualized approach to services and outcomes.

Improved communication with persons served.

Evidence to federal, state, provincial, and local governments of commitment to quality of programs and services that receive government funding.

Management techniques that are efficient, cost-effective, and based on outcomes and consumer satisfaction.

Guidance for responsible management and professional growth of personnel.

Support from us through consultation, publications, training opportunities, and newsletters.

The value of accreditation goes beyond conformance.

Accreditation positively impacts your business and services in many ways. These benefits, combined with the strength of our internationally accepted standards and consultative peer-review model, are distinguishing factors that make CARF the accreditor of choice for health and human service providers.
